1. Ted, I have protected you for such a time as this, and you are ready. You don't think you are ready, you don't feel ready, but you are ready. The timetables I have set scare you, almost scare you, but you know for them to be realized, you cannot do it, I do it. You realize it and I realize it and I set it that way. Insiders or outsiders make no difference here Ted, because this is of Me and is what I am doing.

2. I chose you because you were a price-payer, you chose to pay the price, you wanted to pay the price, and you begged Me to not let you "go around that mountain" one more time, wasting time, wasting your life, forfeiting resources I had for you, the price-payable, price-payer.

3. I love you Ted, I love you so much, I love you reader hearer. I love you My body, My body, My creation and the work of My hand. You came through Me and I hope you grasp that deeply. You came through Me, each and every single one of you, colored or no color, of every color, and every thought tribe named and unnamed, discovered and uncovered. I love you and I beseech you now to let Me be Me in you and do with you and in you what I want to do with you and in you for your own adventure, in Me.

4. Experts, experts, experts in what Ted, experts in what now will help you? What can they offer you that I can't? I bring to you Me, and I bring to you My body, who needs what I have given you, what you paid the price for, and what you'll help them pay the price for, expeditiously, with alacrity, Ted, faster than you did. You're solid and you will solid-ize My people who know there's more and won't fold up when criticism soars at you.

5. Solid, solid, solidly stand your ground and war in the deep knowledge of My presence and intimacy with Me, and the grace of revelation that I have revealed and am revealing to all who will let Me, all who will pay the price, pay the price, pay the price in seeking maturity and not whining when and if I strip them, strip them to nothing, to foundation them though My foundationing system rather than mammon's, self serving self centered people who cannot stand the winds of My adversity. They'll fall like trees with no roots.

6. Roots go deep in Me, your roots go deep in Me, and roots you will deepen in My people who ready themselves and choose to go into Me for their answers, as you did, as you have, as you do even now, and must, even yet so much more so, so much more so, so very much more so, for Me to reveal all I want to reveal through you.

7. Deepening My people, solid-izing them, helping them be creative and latch on to what I am doing now and how I truly operate. Oh so many reflective and envious who could have had what you are about to enjoy.

8. Oh glorious. Enjoy Me and bring all along who will but ride with you in the new things I am doing, and am doing at light speed. Tomatoes, potatoes, and delicacies you have yet to experience in every part of My world, because you have so much respect for Me and My creation, and seek to unlock and unhurt every one you can reach, and turn them loose in Me.

9. Oh rock, rock, rock you are, and rock you will be. Fantasize not about anyone else or what they may have or do or achieve, revel only in Me and what I have for you, for therein is ultimate joy for you to feast upon.

10. You write for Me. I told you that long ago. You write for Me. I am your employer. I will pay. I always do. Shall the clay say to the potter, "when?" I don't think so. And I think a great deal. I do plan Ted, I plan, I am a great and master planner, The Great and Master Planner. **Write your questions and let them mine, mine, mine My words as they go on to process and proclaim My words through them.**

11. May arrives soon.
London go.
Prepare for May. I come. I enroll. I teach. I synergize and form networks for eternity and formulate relationships which formulas bow to, in my scheme of architecture.

12. $1000 inclusive.
Roll on. Wash their feet and free them, free them all, free the free-able and enjoy them.
What a great time. What a rollicking good time, all in Me.
I can't wait. I smile, I laugh, I can't wait.
I feast upon the freedom unleashed as you roll on in Me, with My freedom seekers, My university designers, experientially feasting upon Me as designs reveal Me.

13. I love you.
It's all up to you, to let Me be Me, and do what I say, and take ownership not.
I breathe, I blow, and I now send My words to do what I sent My words to do.
I take, I bring, I send, I employ, and I synergize all in Me.

14. I love you, I love you, I love you.
Trinity so precious, so precious, so very precious.

15. Mobilizing you are My body to move in and among My body full, fully, completely, smoothly, expertly, synergistically, scholarshipped at My knee, by only Me.

16. Articulate increasingly My vision upon you. It all comes together. It all comes together now, now, now.

17. Thank you Mike, thank you each one, each helper, every person, everyone open to Me. I thank you.

18. I come, I call, I confirm, and I confirm you now to expedite the association with master scholars and giants of Me who finish the details enough to start this session full, full, full of Me-seekers, seeking to experience My words and fullness of My design revealed in print that they themselves let Me write through them, unashamedly, un-intimidated, uninhibited, letting Me roll forth, imprinting My values, My sinew, My preciousness, My beauty, onto their heart, into their lives, and abundance experience.

19. You sought, you paid. I thank you.
20. Experience comes, in measure rich, to enable, empower, expand, and exponentialize all that you now have, that I have given you, and I rejoice.

21. Rejoice My reader and My hearers and My yet wondering if I'm in these words of Ted. Rejoice for My Covenant expands to cover even you, even you, even now, and awaits to be experienced in the joyous fulfillment of precedence set and yet exceeded.

22. I love you. I await your morning and our time together.
Thank you for coming early tomorrow and letting Me blast you, blast through some barriers felt for weeks, and freedom soar, into heavenlies that await you still.

23. I love you.
Intimacy My people.
De-destitute My people.
Authority take and walk in confidently.
Command, direct, lead.
Lead, lead, lead.
Thank you, thank you, thank you.
I love you.
I love you every one.
